THE PRODIGY
THIRTEEN-YEAR-OLD
TAYLOR MATTHEWS.

Eighth-grader Taylor Matthews may be battling cancer, but that hasn't stopped her from campaigning creatively for a cure. Tay-Bandz, her accessory line, which sells at www.taybandz.org, features chic ribbon headbands whose proceeds benefit pediatric cancer research and care. Her timing couldn't be better: No longer relegated to librarians and country-clubbers, the once-preppy accessory topped off looks at Chanel and Miu Miu's spring shows. What better way to use your head—and your heart? —A.G.
